Subject: Our economy depends on the river

Please support blue-collar workers by giving us a river cleanup plan that helps our industrial employers grow.

If this EPA plans goes forward with a big price tag, our small companies that work on the river will never be able to afford the bills you will send them. We're asking that you please consider what the impacts on the environment but also on employers and taxpayers.

Thank you for recognizing that there is a real cost to employers for this cleanup. And thank you for everything you're doing to protect our river.

Sincerely,
